

**COMPONENTS OF PERSONAL INCOME (NAICS BASIS ) NEW YORK STATE**

Personal income includes money received on a regular basis plus government and business transfer payments (e.g. Medicare benefits) and government interest. Data in this report provides annual figures for the period 2000 through 2010. It identifies the major components of personal income, including earnings by place of work by NAICS industry.

**METHODOLOGY**

This income measure is estimated by the U.S. Bureau of Economic Analysis from a variety of administrative records including Internal Revenue Service data and sample surveys.

**REVISIONS:**

These data are subject to regular revisions for several years after their release. In order to account for changes in the input data series, the complete series is revised every five to seven years.

**RELATIONSHIP TO OTHER DATA:**

The definition of personal income, reported by BEA, differs from the definition of money income reported by the Census Bureau in that money income includes only money received by individuals on a regular basis. Additionally, money income data are based on self-reporting on a sample survey and personal income data are based on administrative records.

1/ The estimates of earnings for 1990-2006 are based on the 2002 North American Industry Classification System (NAICS). The estimates for 2007 forward are based on the 2007 NAICS.

2/ Midyear population estimates of the Census Bureau.

3/ Per capita personal income is total personal income divided by total midyear population.

4/ Contributions for government social insurance are included in earnings by type and industry, but they are excluded from personal income.

5/ The adjustment for residence is the net inflow of the earnings of interarea commuters. For the United States, it consists of adjustments for border workers: wage and salary disbursements to U.S. residents commuting to Canada less wage and salary disbursements to Canadian and Mexican residents commuting into the United States.

6/ Rental income of persons includes the capital consumption adjustment.

7/ Proprietors' income includes the inventory valuation adjustment and the capital consumption adjustment.

8/ Under the 2007 NAICS, internet publishing and broadcasting was reclassified to other information services.

All dollar estimates are in current dollars (not adjusted for inflation).
